# how to buy Home Ice Cream

## 1 In your street - when you are home!

Each fortnight you will hear the Home Ice Cream bell sounding in your street. If you stand on the footpath and give the driver a friendly wave, he will stop. Wow, what an ice cream selection on our menu board right there on the van. Simply make your purchase and pop it straight into your freezer, no melt, no mess. From our freezer to yours in minutes.

## 2 On-line - when you are home!

Are you home and still sometimes miss our van when we're in your street? Or maybe you prefer to order on-line to guarantee your ice cream delivery. And, for those who might have difficulty meeting the van out in the street - buying Home Ice Cream is now even easier. We have a brand new on-line ordering system. It's called "**Direct to your Door**". Simply, this means you order and pay for your ice cream on-line and we deliver it to your door at a pre-determined time. **How easy is that???**

## 3 On-line - when you're NOT home!

However, if you aren't home when we call, you can still buy your favourite ice cream, using our amazing **Cool Cube® Delivery System**. This option means that your ice cream, ordered on-line, will be waiting for you to arrive home, frozen fresh (without the need for a freezer), even if that's over 8 hours later. Amazing - you have 2 choices when ordering on-line!
